

SIXTY LIVES SNUFFED OUT

(Continued from first page.)

reason to believe that all were killed, as every effort has been made to locate them.

In an interview tonight Mrs. Rockwell, wife of the engineer at the factory, said her husband had been worried on account of the boiler, declaring that he had to put on a pressure it was not equal to.

ENGINEER'S HOUSE WAS DEMOLISHED

His Wife and Two Children Have Miraculous Escape From Instantaneous Death.

In the meantime, the fire was spreading from the Grover factory. It leaped across Calmar street to a three-story brick block at the corner of Main street, owned by Charles F. Dahlburg and occupied as a hardware store, and then to a wooden lodging house, a dwelling house on Calmar street, and small buildings all of which were destroyed.

The house to the north of the factory through which the exploded boiler crashed, was owned and occupied by David W. Rockwell, the engineer in charge of the boiler, who was among the killed.

The house was demolished the roof being ripped off and two walls torn down. Mrs. Rockwell, who was sitting by the kitchen stove, had a miraculous escape from death, receiving many cuts from flying bits of timber when the boiler exploded through the upper portion of her house.

Cottage Rent Asunder.

Mrs. Rockwell snatched up her two children, who were uninjured and started for the home of her nearest neighbor Mrs. Ella Pratt. She found this cottage had been practically rent asunder by the boiler, the head of which was buried in the middle of the structure. Mrs. Ella Pratt, 78 years old, a relative of the Hoods, was alone in the house.

The cottage was thrown several feet off its foundation, and Mrs. Pratt was knocked down and stunned, but recovered.

Not until afternoon was it possible to begin a search of the factory ruins. Several charred and headless bodies were recovered near the boiler pit and the bones of others were found. They were placed in pine boxes and removed to a temporary morgue.

Mayor Personally Superintends Search.

Mayor Edward H. Keith personally superintended the search and Medical Examiner A. E. Paine viewed each body as it was taken out.

Treasurer C. O. Emerson, of the Grover Company, estimated the loss on the factory at \$260,000 and the aggregate of loss on the burned structures was placed at about \$50,000.

The Grover factory, machinery and stock were insured for \$200,000.

Held Up Liveryman Who, For Nonce, Was Acting in the Capacity of Bank Messenger.

(By Associated Press.)
BERKLEY, CAL., March 20.—J. E. Daly, an Oakland liveryman, who was acting as a messenger for the Central Bank of Oakland, was held up and robbed of \$10,000 today. He was on his way to the Standard Oil refinery at Point Richmond. There were two highwaymen.

Both carried revolvers, but only one wore a mask. The highwaymen jumped out of a clump of brush at the side of the road and at once covered Daly and former Deputy Sheriff Roach, who was riding with him.

At the point of revolvers Daly and Roach were compelled to jump from the buggy and give up the sack of gold. Then the robbers tied the men to a fence and gagged them. Daly and Roach freed themselves after much difficulty and proceeded half a mile to State station.

It had been the custom for the bank to send out \$10,000 each month to the Standard Oil plant to pay employees and the robbers were undoubtedly acquainted with the fact.

MRS. L. F. MULRAY.

"Nervous Headaches— Run Down."

Tired, sick nerves cause nervous headaches. The nerves stop doing their work properly. They protest against neglect and abuse. Their tired, sick condition is shown in many ways, sometimes one way, sometimes another. Headaches, "unstrung," "worn out," "run down," "nervous," "blue," all warnings from sick nerves.

Health, vigor, determination, courage—in fact, all that makes life worth living depends upon a healthy supply of nerve force.

Paine's Celery Compound makes new Nerve Force, it revives the old force and makes new. It not only does this, but by strengthening the nerves that control all the organs of the body, it cures the real cause of headaches, neuralgia, rheumatism, malaria, and the many diseases coming from a run down condition of the nerves.

For 18 years Paine's Celery Compound has been the most universally used nerve vitalizer and tonic in the world. For 18 years—think of this fact and realize what it means.

Read the experience of Mrs. L. F. Mulray after La Grippe:

"Following a severe attack of La Grippe my general health seemed to be seriously affected. I suffered from constant nervous headache and was so unstrung that everything irritated me until I was in a precarious condition. I also was troubled with sleeplessness and would rise in the morning more weary than when I went to bed. As my medicine did not seem to help me any, the doctor advised a complete change, but, as I was unable to go away, a neighbor advised me to try Paine's Celery Compound. I used it faithfully for a week, feeling that I daily grew better and stronger and my health kept gradually improving until I had used three and a half bottles, when I was in perfect health, with no trace of my former troubles. A number of my friends who saw what Paine's Celery Compound had done for me have used it since, and they all feel as pleased with results as I am. Yours very truly,—Mrs. L. F. Mulray, Fifth and Mercer streets, Seattle, Wash. Treasurer Skoogay Country Club.

Thousands of grateful patients tell of the unfailing effect of Paine's Celery Compound as a nerve vitalizer and tonic. Physicians, the world over, use and prescribe it and testify to wonderful cures.

One bottle will prove its wonderful properties—it gives almost instant effect.

Try Paine's Celery Compound to-day.

It braces you up at once.

See how much better you feel.

See how much more easily the trials roll away.

Let Paine's Celery Compound strengthen and restore your nerves, nourish your system, purify your blood and help you back to vigorous, buoyant health.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians America has ever known—Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.
